

# MEETING MINUTES SUMMARY

## ESI GENERATION INDUSTRY REFERENCE COMMITTEE

Tuesday 10 April 2018

### Meeting Overview

- Meeting held in Melbourne on Tuesday 10 April 2018
- IRC, Industry and VET Update
- Skills Forecast development

### IRC, Industry and VET Update

- IRC members were informed that all 138 draft Units have been transitioned to the new template and reviewed by an external editor. The QA panel member report to be circulated to IRC members once completed
- Issues regarding the current Training Package were tabled and discussed

### IRC Skills Forecast update

- The draft 2018 IRC Skills Forecast, developed by AIS on behalf of the IRC, was presented to members for discussion and review
- IRC suggested the idea of working together with the other Energy IRC Committees in a Cross-sector Future Forum Project
- A Case for Change needs to be drafted to address gaps in the current Training Package
- The 4-year rolling Proposed Schedule of Work was discussed with members and will be circulated to the IRC for final review and comment

### Meeting Outcomes

- AIS to organise a Cross-sector Future Forum for the Energy IRC Committees
- IRC members to provide any further feedback on the ESI Generation 2018 IRC Skills Forecast and Proposed Schedule of Work
- A Case for Change will be drafted to address gaps in the current Training Package

Next meeting scheduled to be held in mid-October (TBC)
