

# TLI32715Y Certificate III in Track Protection

## Modification History

**Release 1.** This is the first release of this qualification in the TLI Transport and Logistics Training Package.

## Qualification Description

This is a general qualification for a person engaged in the rail infrastructure environment who performs tasks involving track protection in a variety of contexts.

It may involve application of some discretion and judgement in selecting equipment, services or contingency measures. It may also include responsibility for coordinating the work of others.

### Job roles

Job roles and titles vary across different sectors. A possible job title relevant to this qualification includes:

- Track protection officer.

No licensing, legislative or certification requirements apply to this qualification at the time of publication.

## Entry Requirements

The entry requirement for this qualification is TLI21915Y Certificate II in Track Protection or relevant industry experience gained by working in the rail infrastructure environment providing track protection services.

## Packaging Rules

A total of **11 units of competency** comprising:

**6 core units** listed below **plus**

**3 specialist elective units** from the specialist elective units listed below **plus**
